

# FREE: Wasp & Hornet Prevention Guide

16 tips to avoid stinging insects

## Nest Prevention

1. Inspect eaves and overhangs monthly
2. Seal entry points to attics and walls
3. Cover vents with fine mesh
4. Remove old nests in fall/winter

## Food & Trash Management

5. Keep trash cans sealed
6. Clean up after outdoor meals quickly
7. Rinse soda cans before recycling
8. Cover drinks when eating outside

## Landscape Tips

9. Avoid heavily scented flowers near entries
10. Fill rodent burrows (ground nest sites)
11. Keep fruit trees picked clean

## Personal Safety

12. Avoid wearing bright colors outdoors
13. Skip sweet-scented perfumes outside
14. Walk calmly away if wasps approach
15. Never swat at stinging insects

## Professional Help

16. Call professionals for large nests
